Ephemera vulgata

Ephemera vulgata (Ailes)

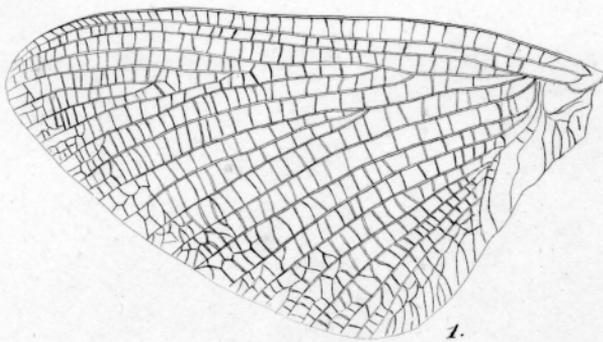

Ephemera Danica.

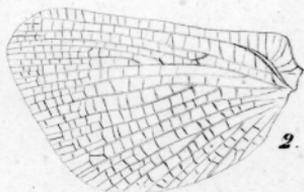

1-3. *Ephemera glaucops*. 4. *Ephemera guttulata*.

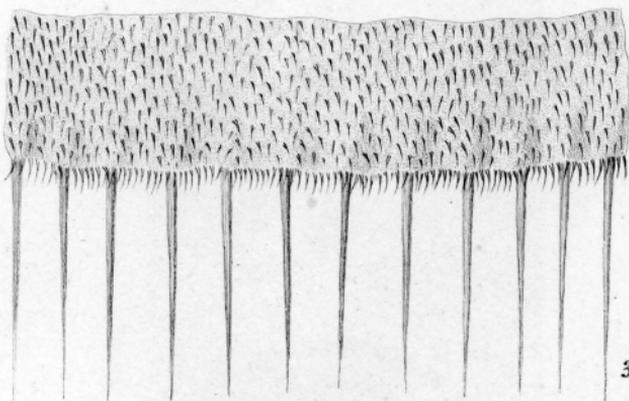

Palingenia virgo.

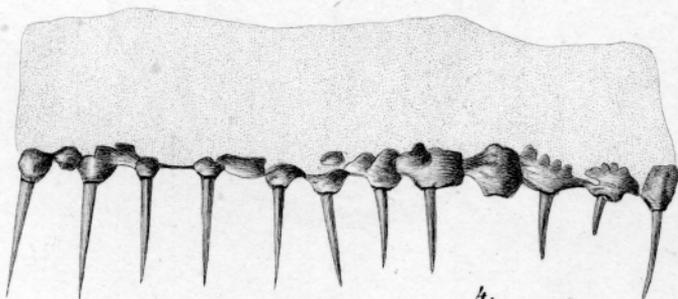

1.

2.

3.

4.

Palingenia virgo.

1.

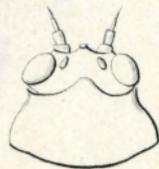

2.

3.

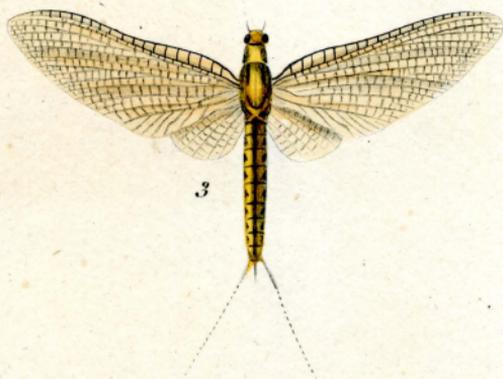

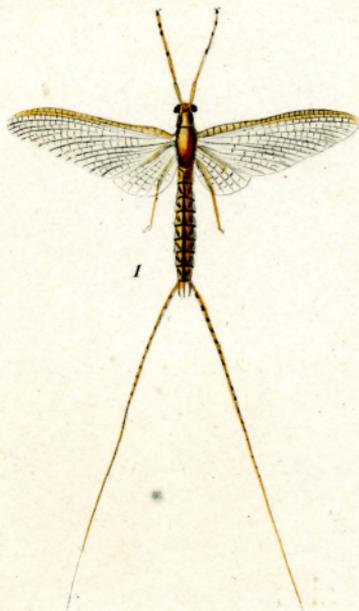

4.

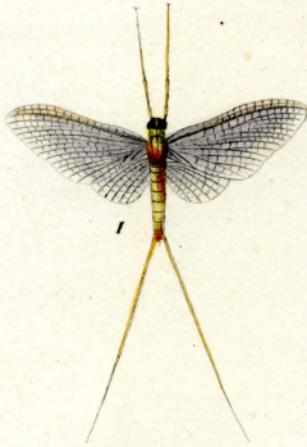

5.

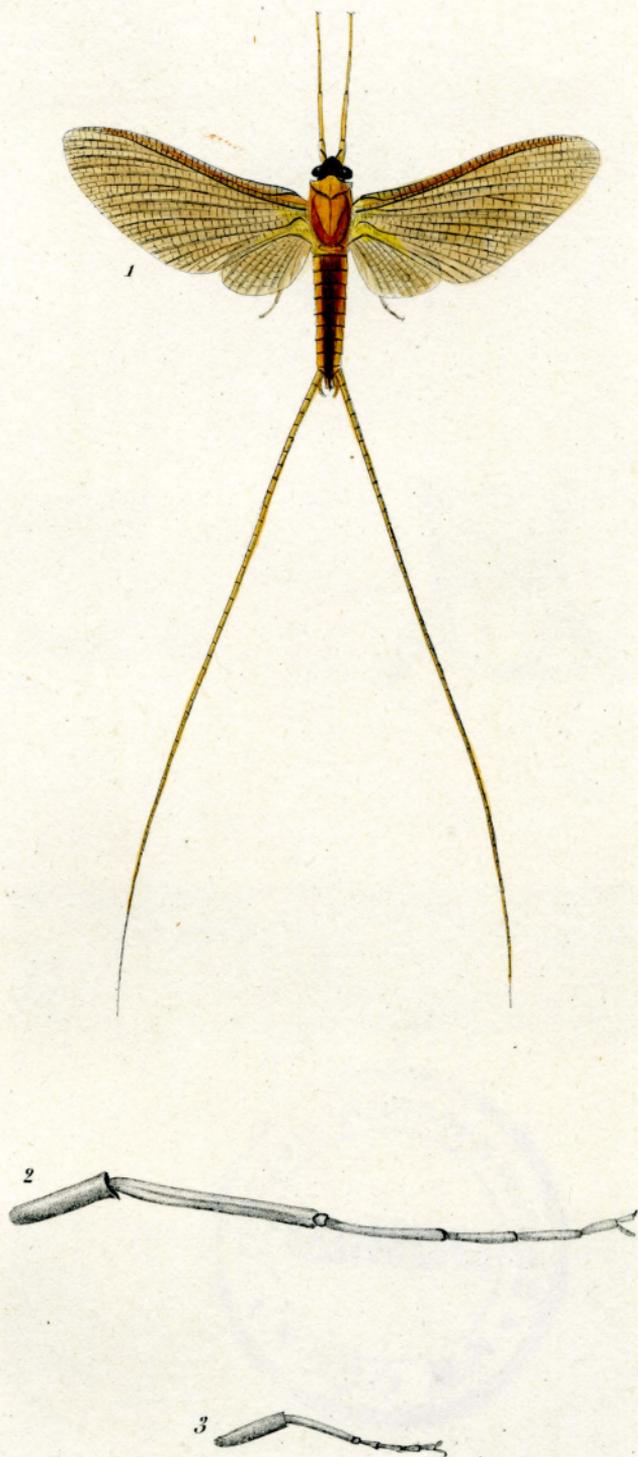

1.3. *Palingenia Virgo* 4.5. *P. puella*

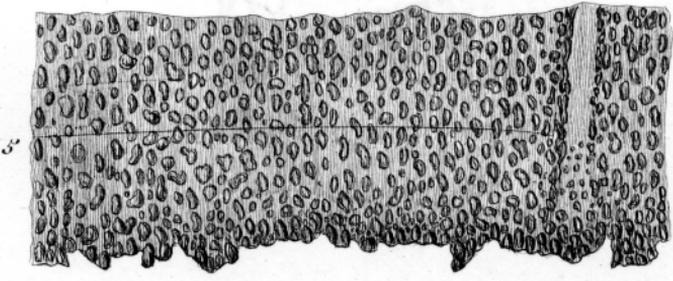

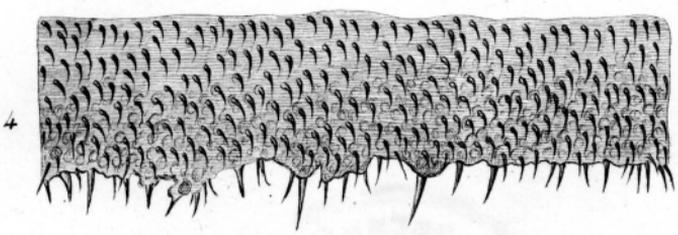

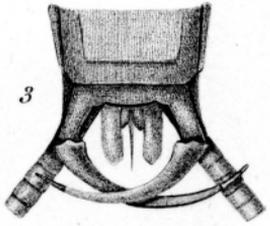

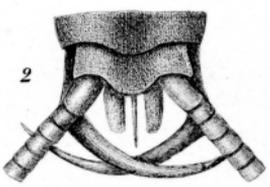

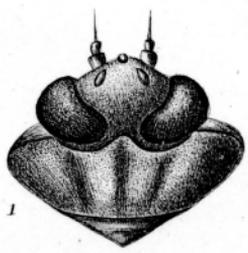

Palingenia limbata.

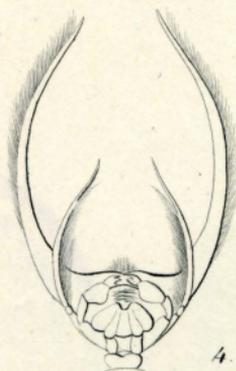

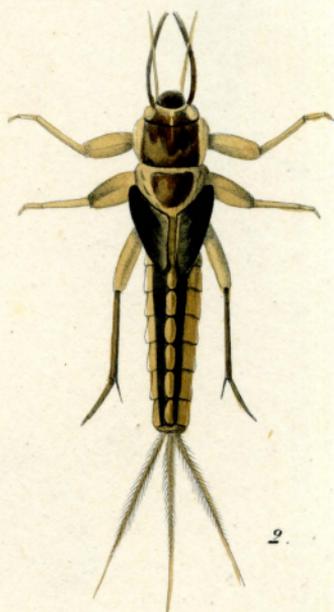

1-3. *Palingenia albicans*. 4. *P. indica*.
5. *P. dorsalis*.

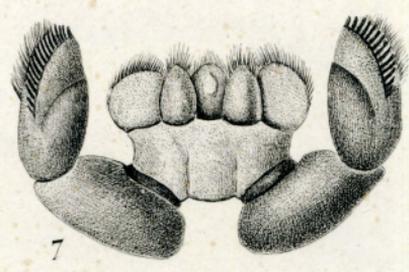

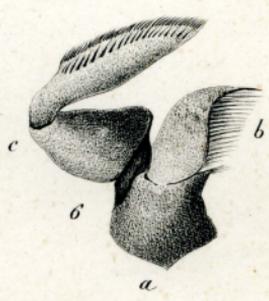

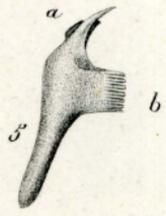

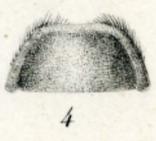

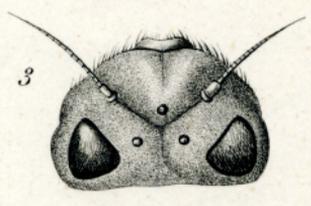

Palingenia longicauda

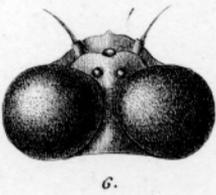

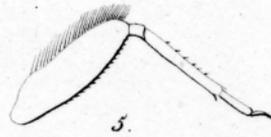

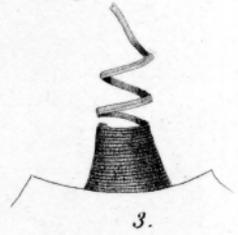

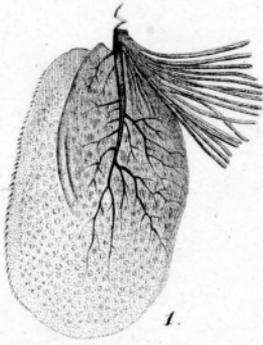

Palingenia longicauda.

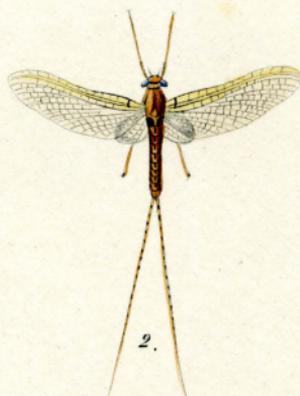

1. Larve de la Palingénia longicauda d'apr. Swammerdam.
2 = 4. Larves d'Amérique.

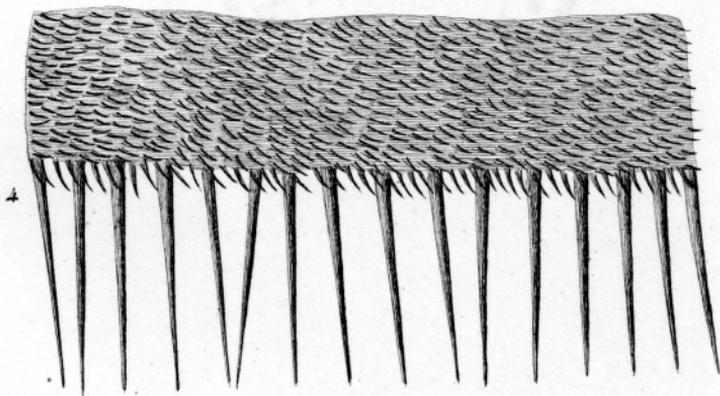

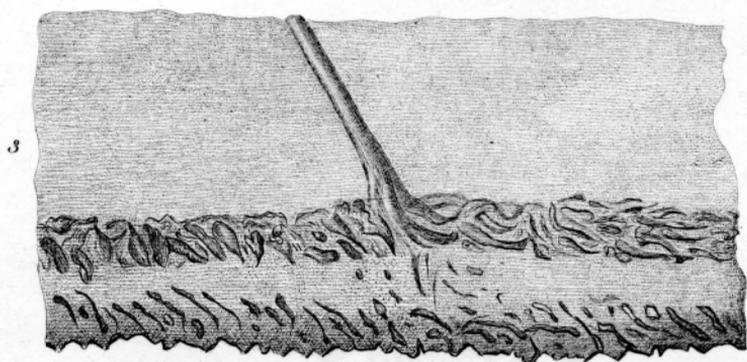

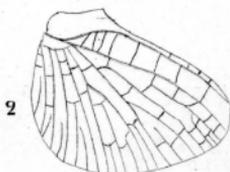

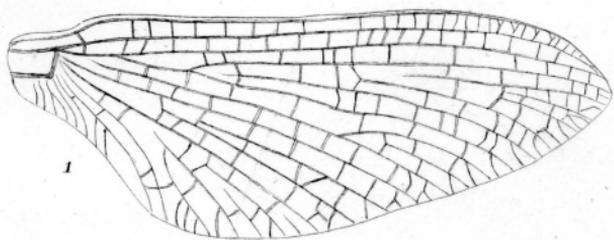

Baetis fluminum (larve) .

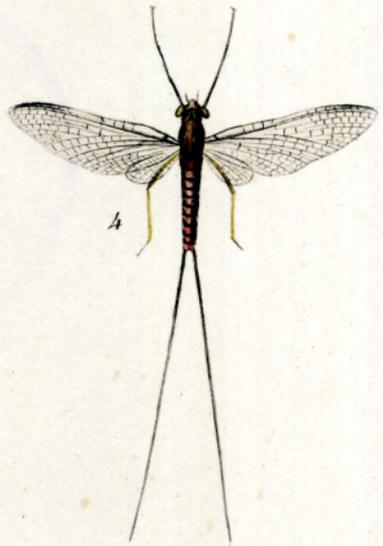

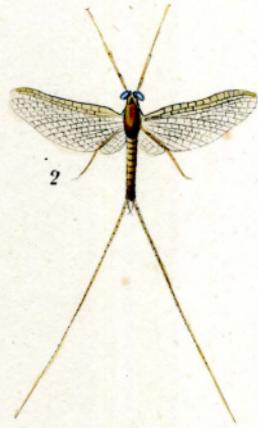

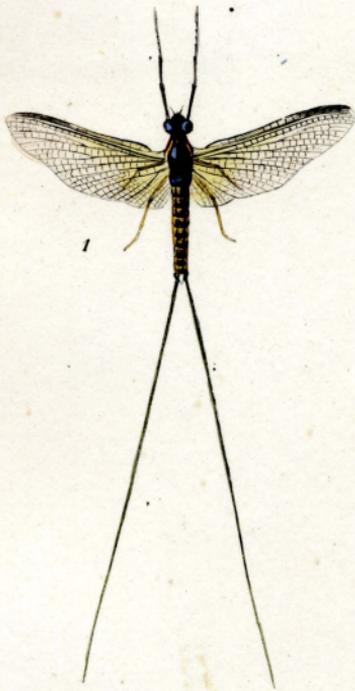

Baëtis fluminum

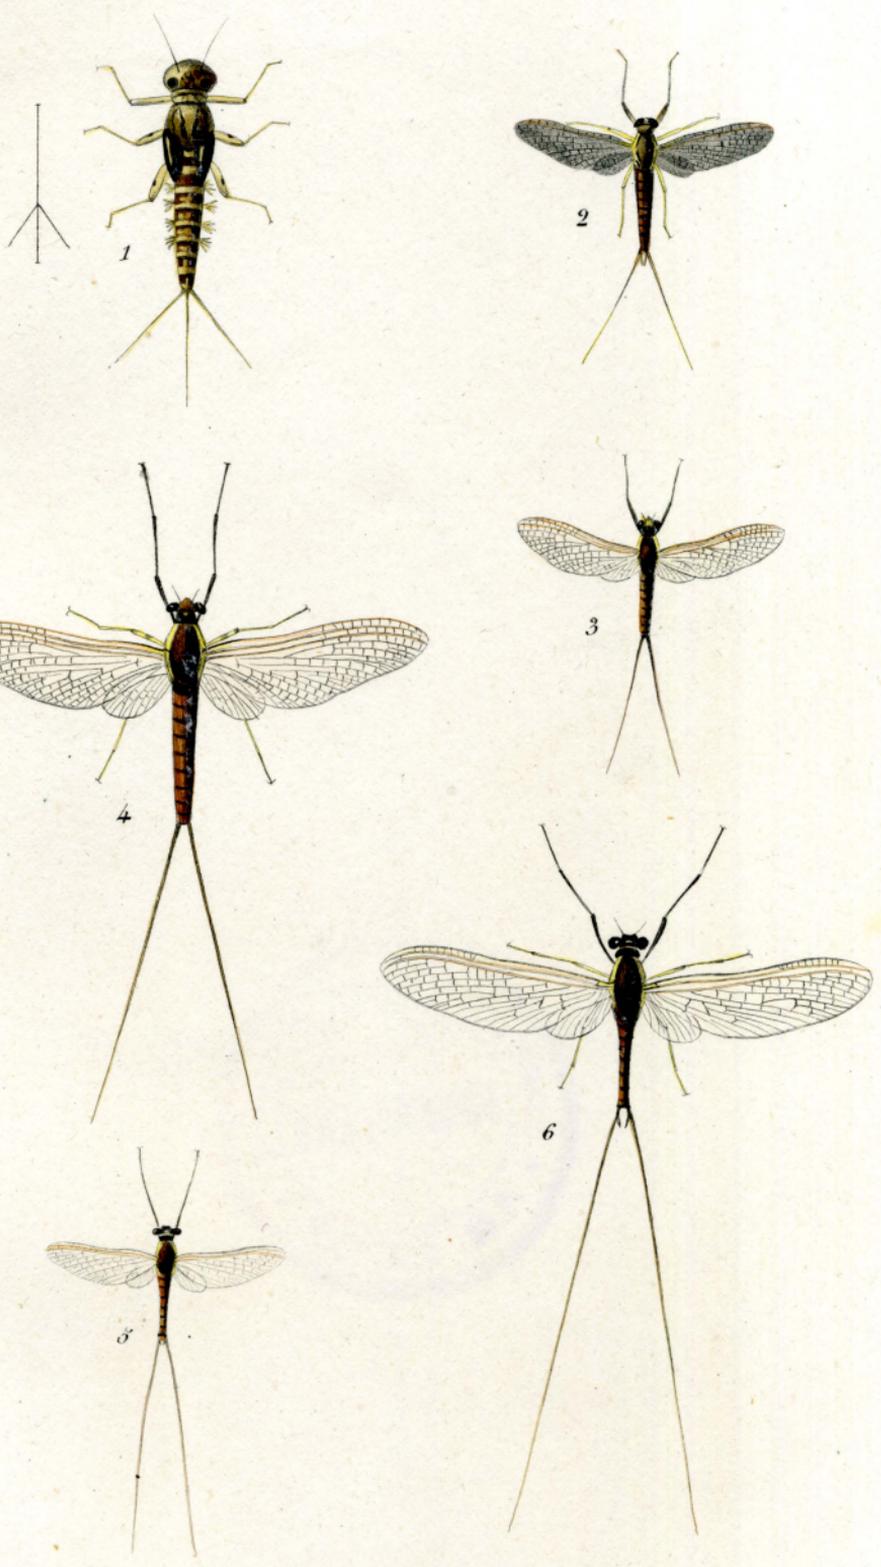

Baëtis fluminum

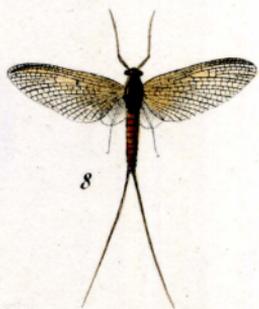

Baëtis fluminum (Ailes)

1. *Baetis venosa*. 2. *B. cyanops*.
3. *B. montana*. 4. *B. purpurascens*.

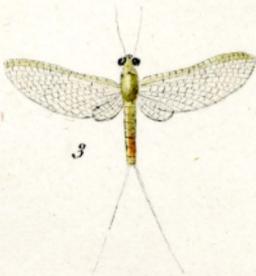

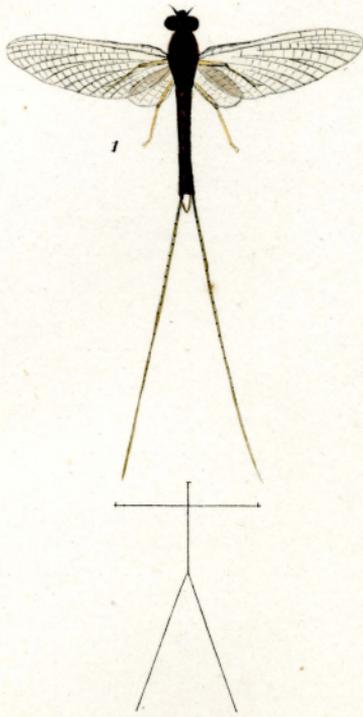

Baëtis lateralis.

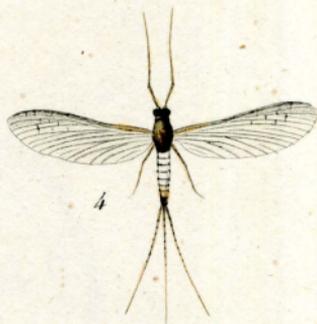

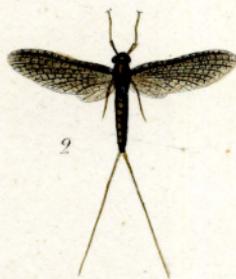

1-3. Baëtis semi-tincta

4-9. B. semi-colorata.

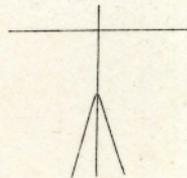

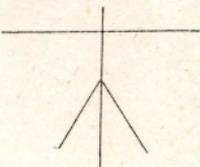

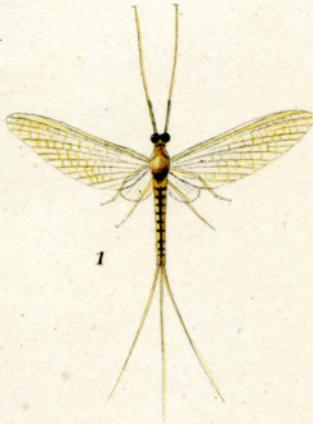

1. *Baetis obscura*. 2. *B. cerea*.
3. *B. sulphurea* 4. *B. flaveola*.

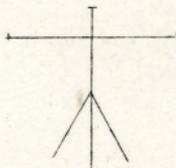

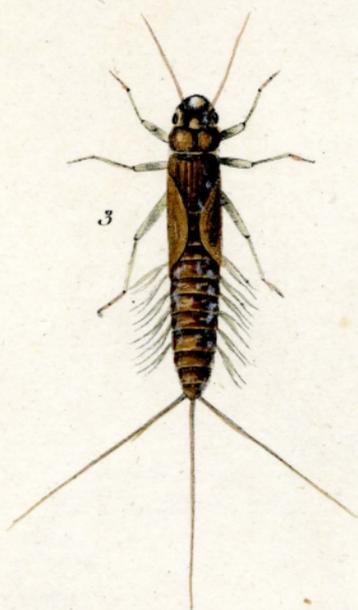

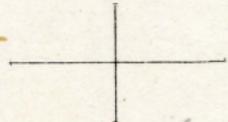

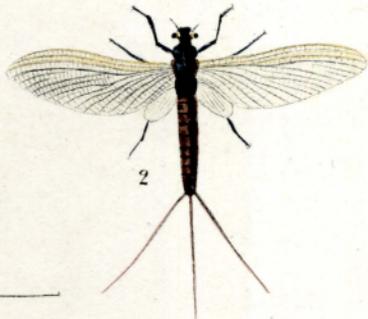

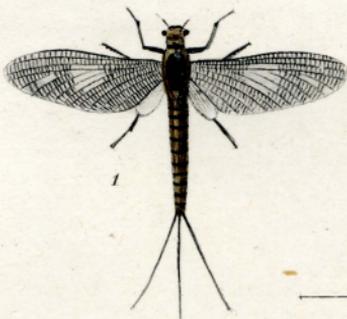

1. 2. *Baetis australasica.*

3. *B. guttata.*

4. *Potamanthus inanis.*

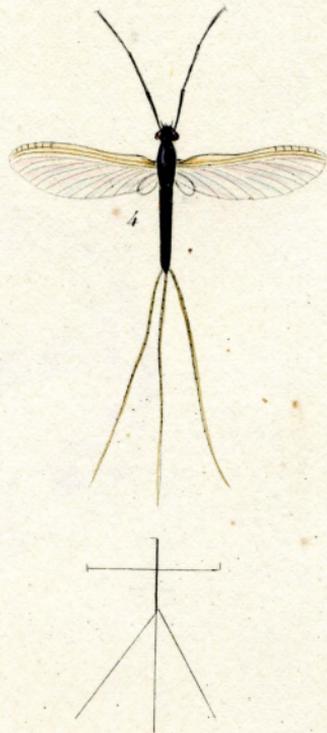

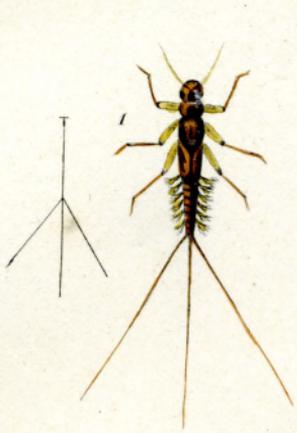

1. *Potamanthus Ferreri* - 2 et 3. *P. luteus* - 4 et 5. *P. marginatus*.

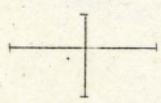

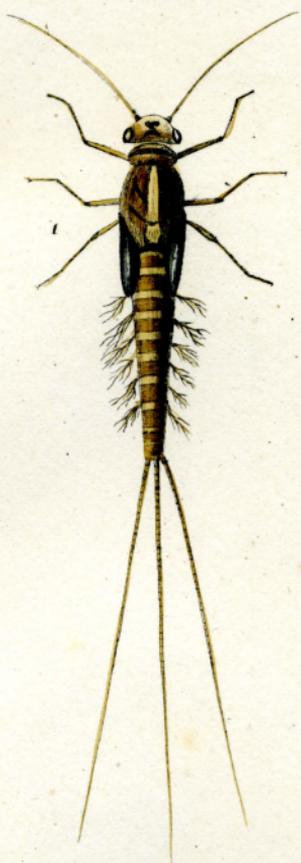

1-3. Potamanthus Geerii.

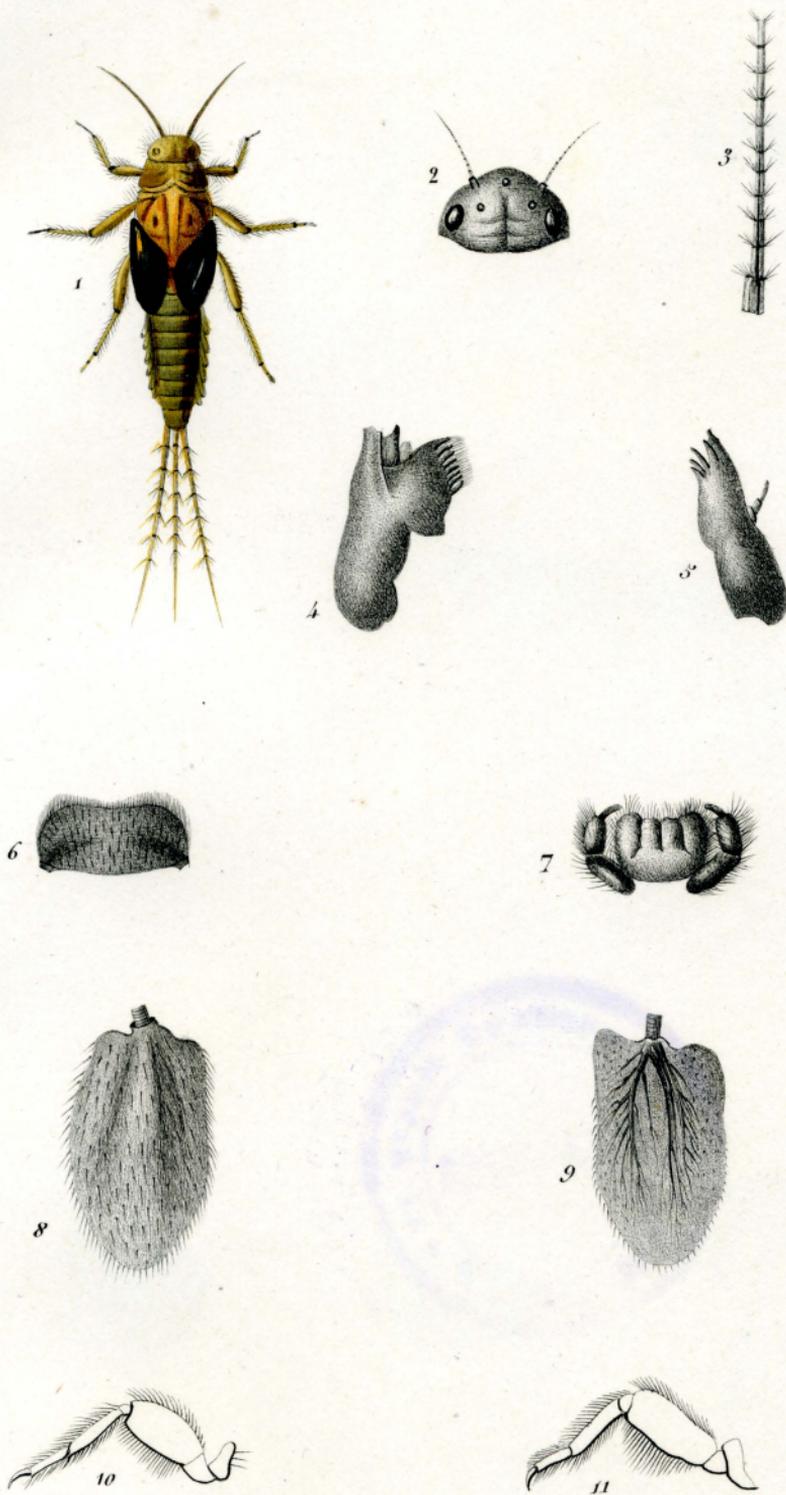

4. 5. P. castaneus.

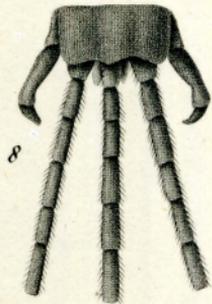

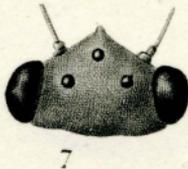

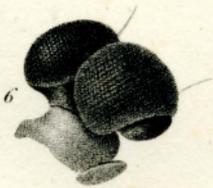

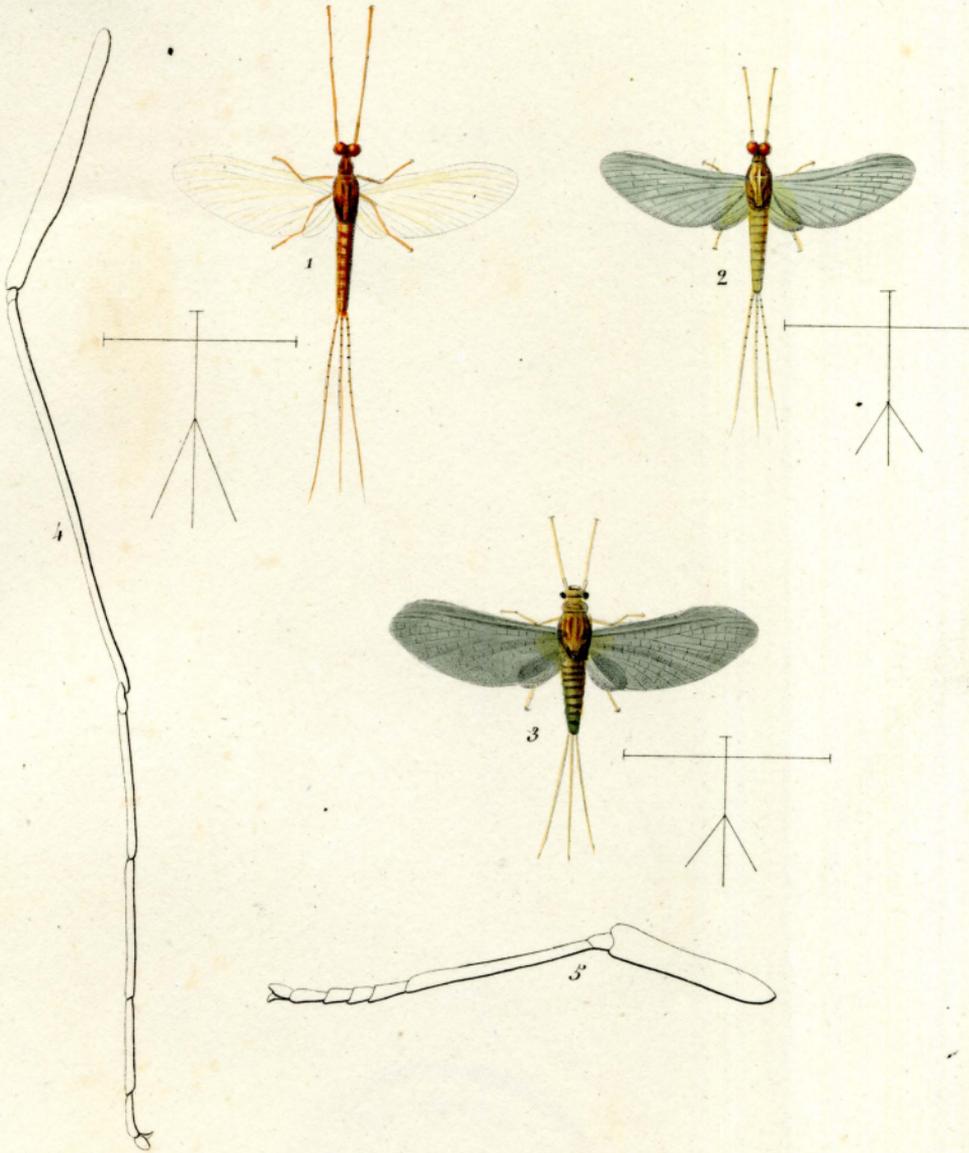

Potamanthus brunneus.

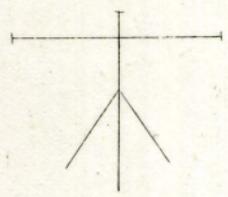

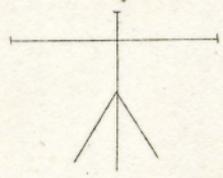

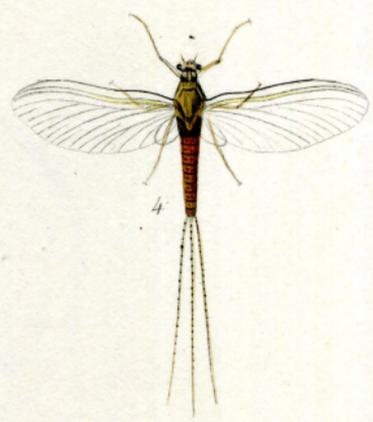

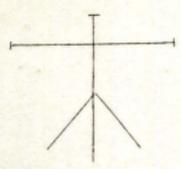

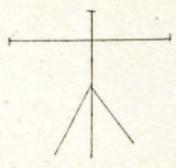

Potamanthus cinctus

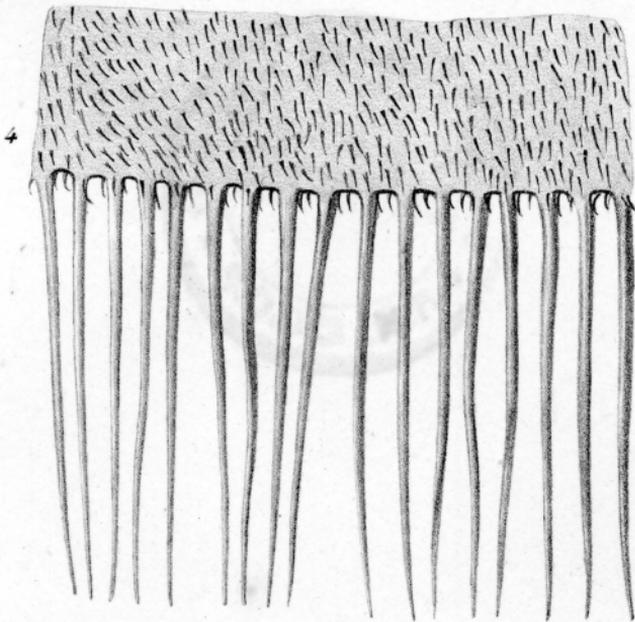

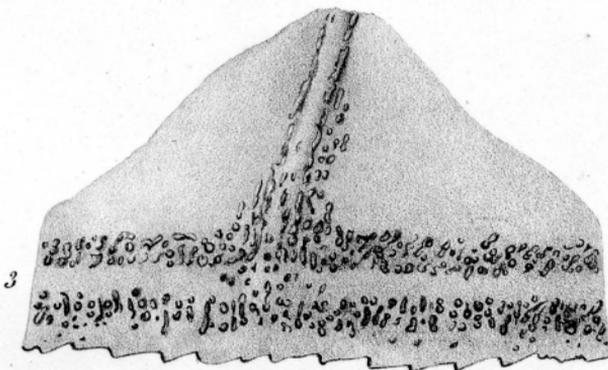

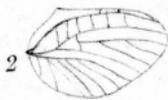

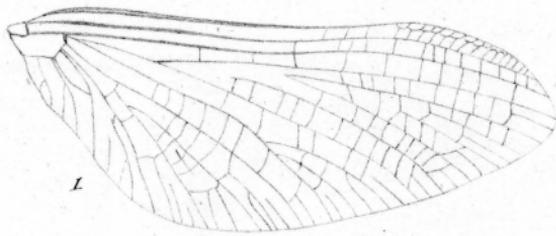

Potamanthus erythrocephalus (larve)

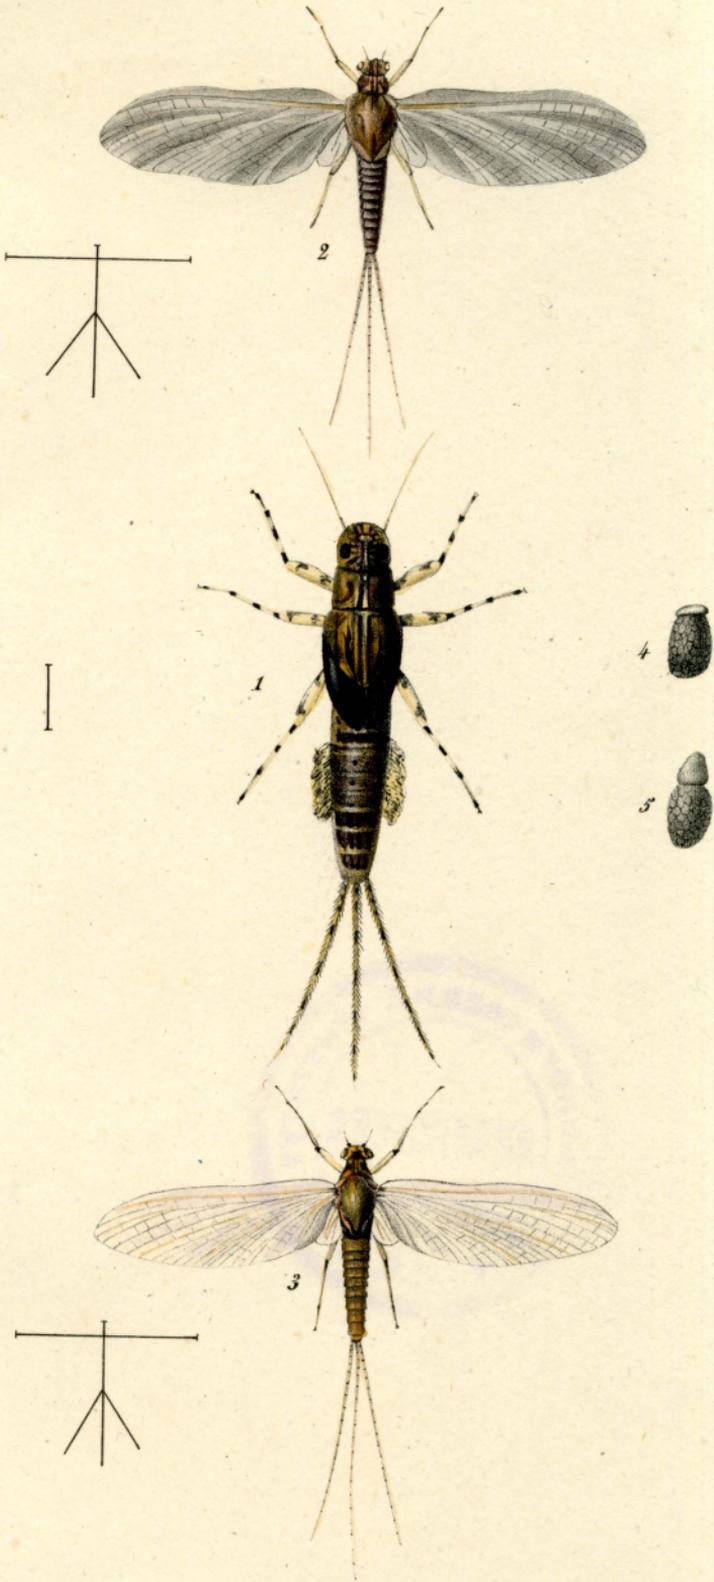

Potamanthus erythropthalmus.

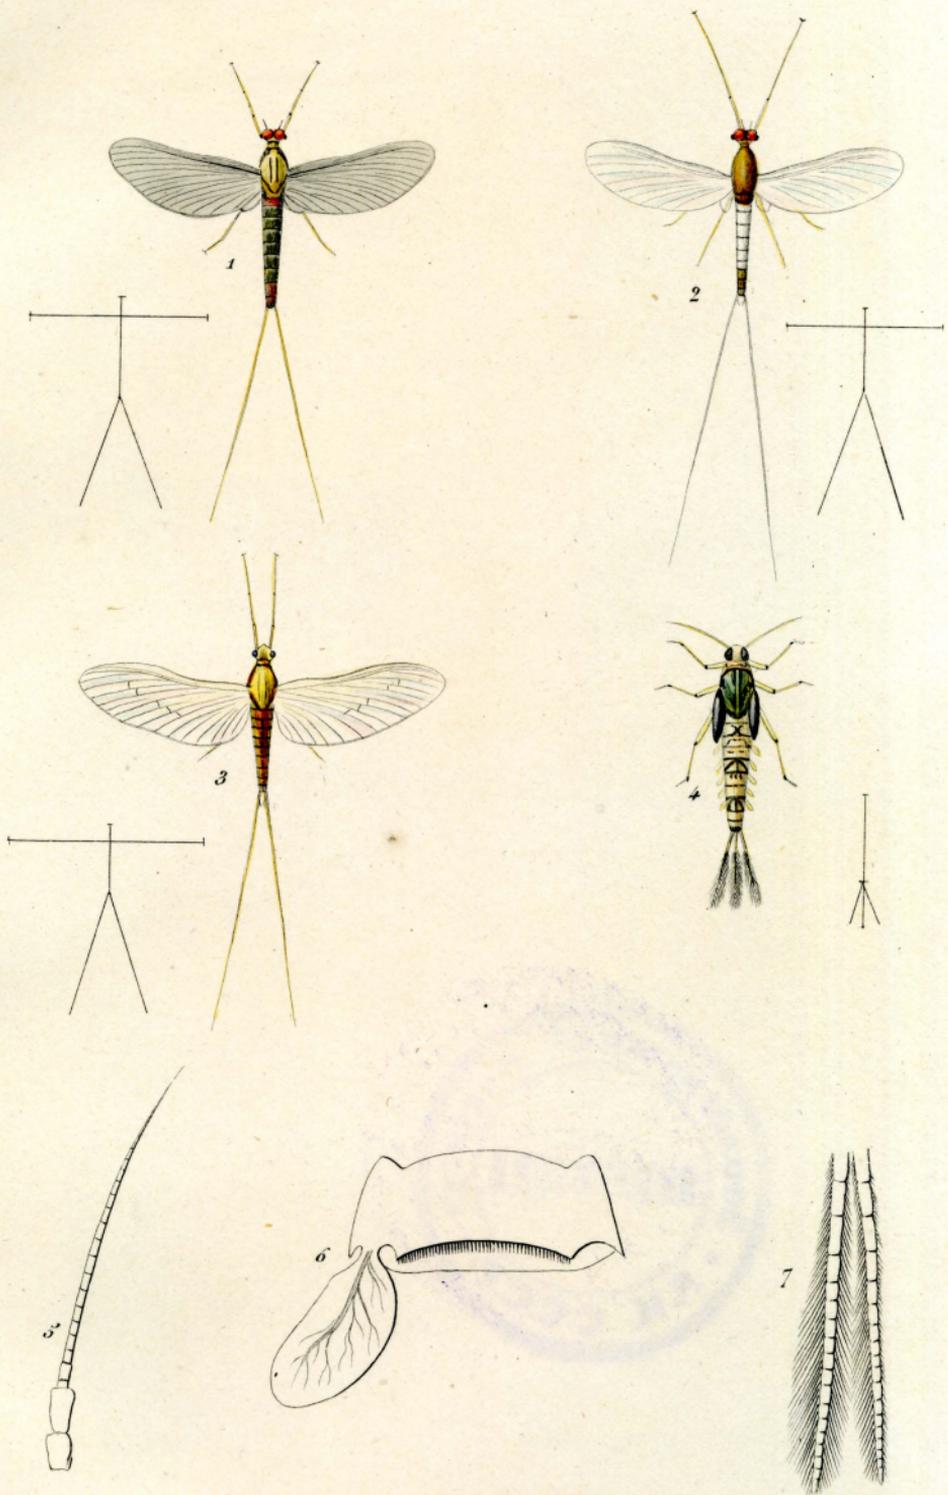

Potamanthus gibbus

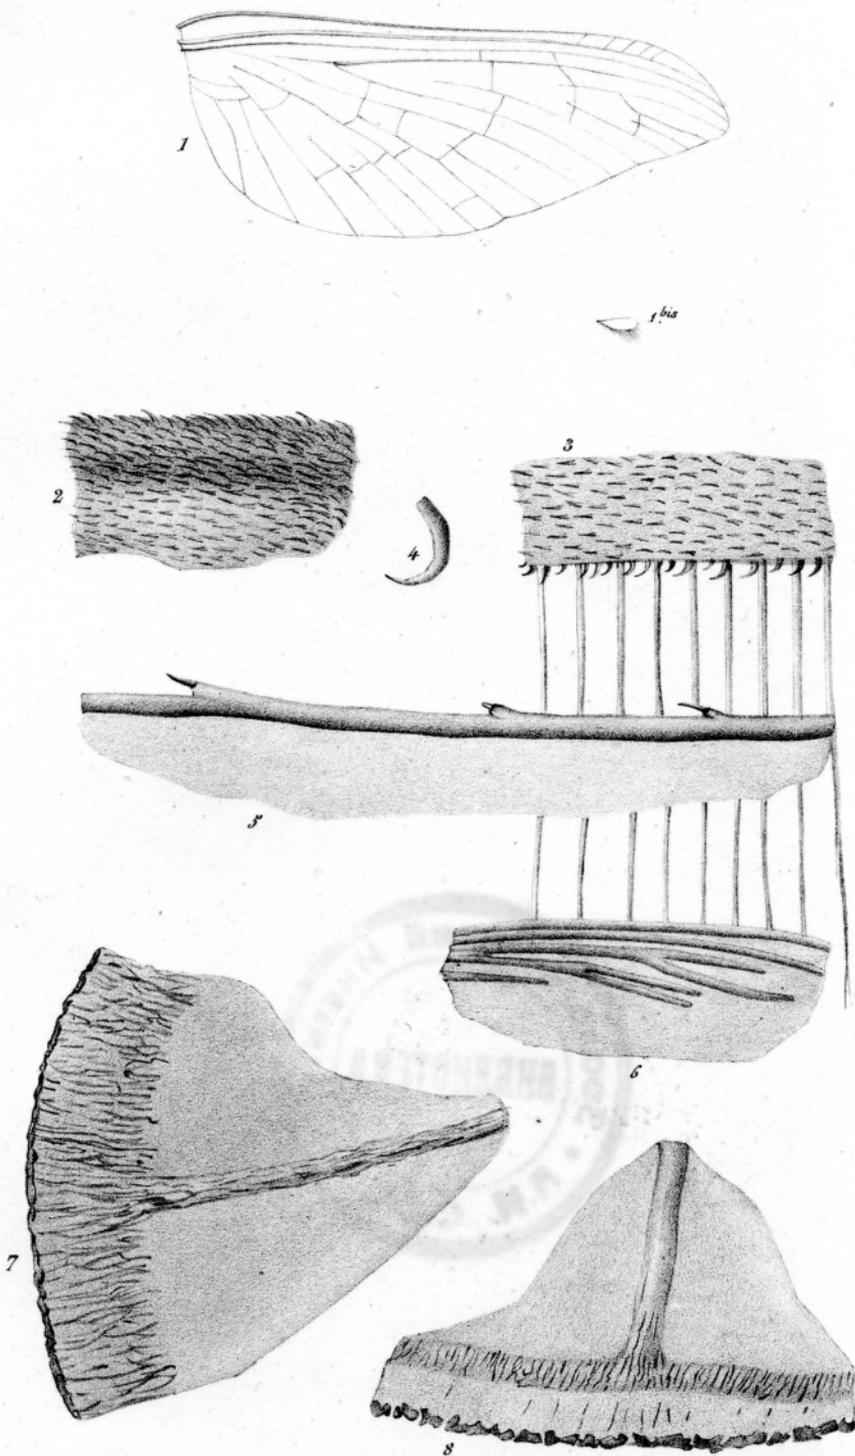

Potamanthus gibbus (Ailes)

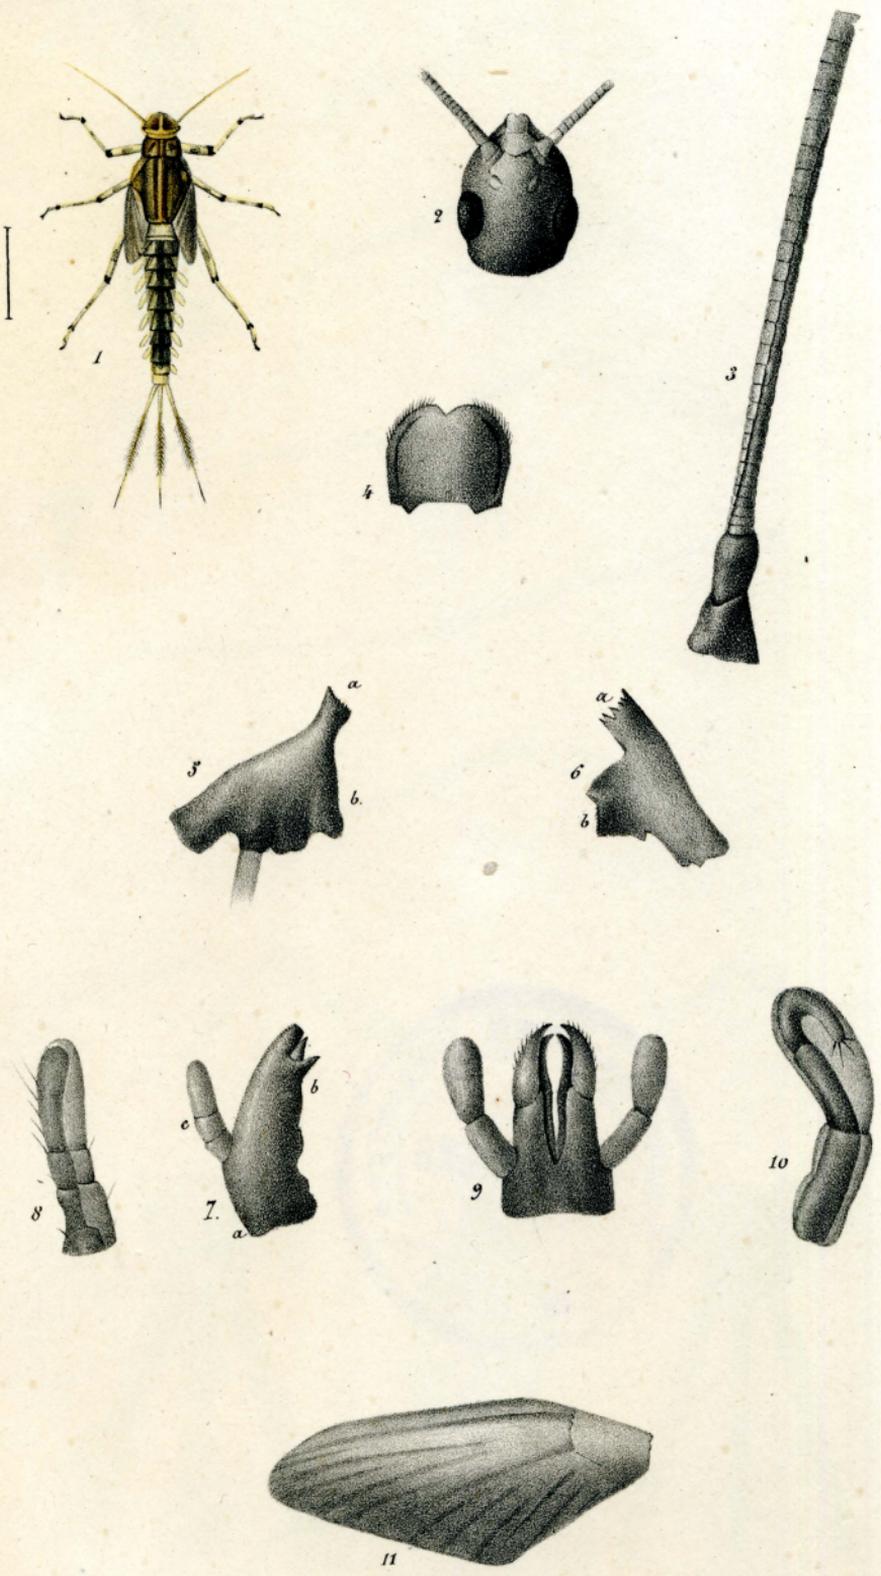

Potamanthus æneus.

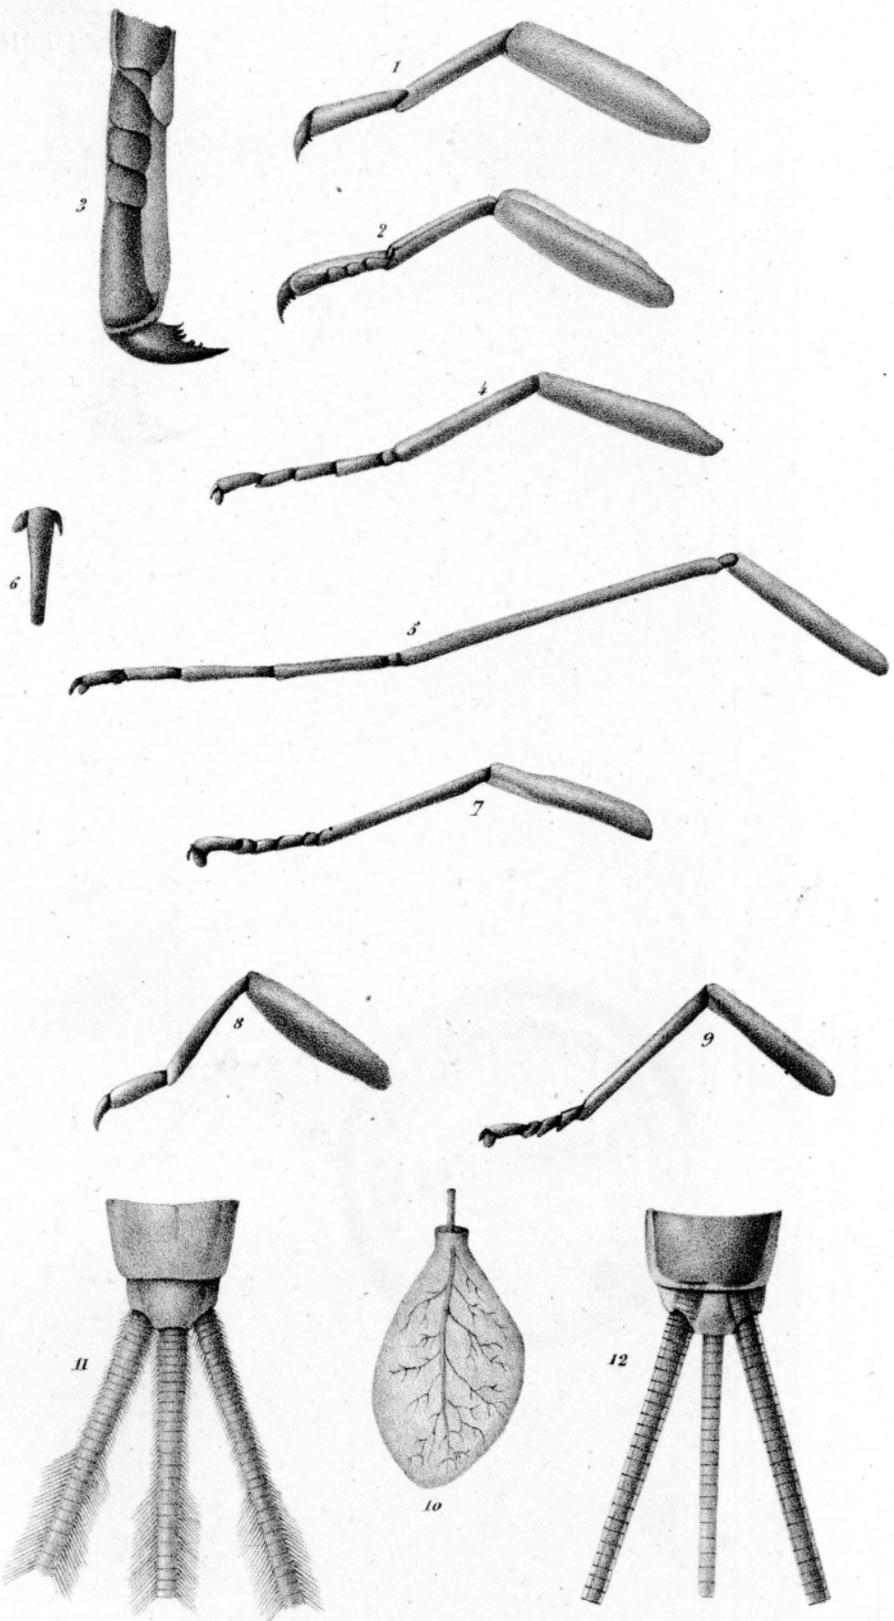

Cloë bioculata.

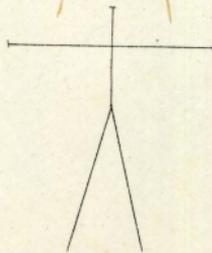

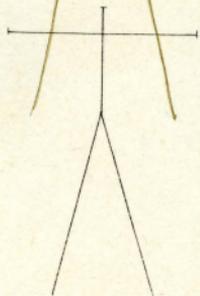

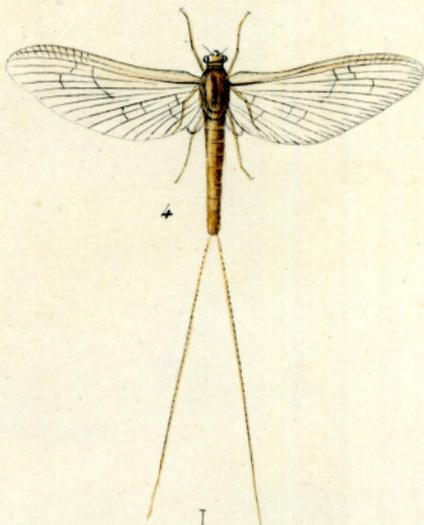

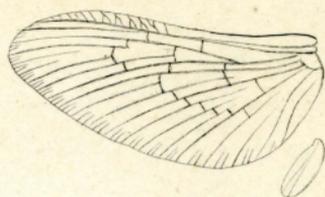

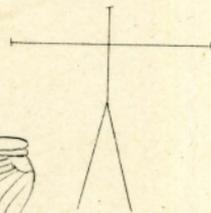

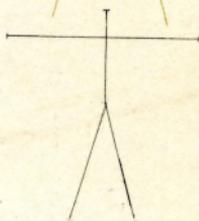

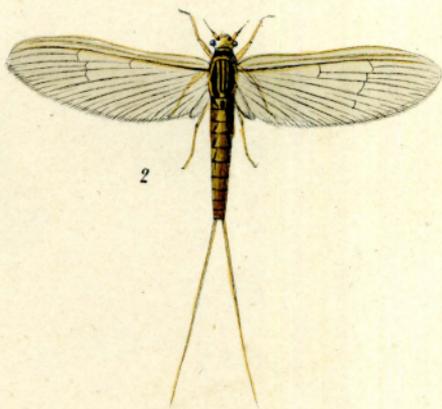

Cloë bioculata (Ailes.)

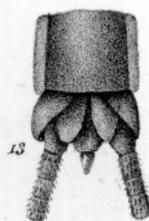

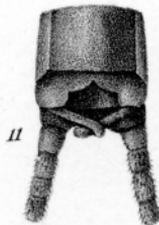

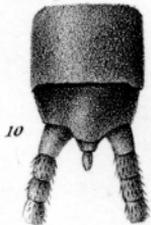

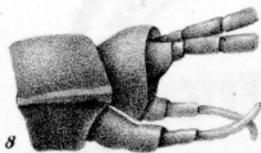

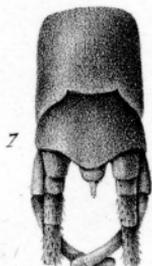

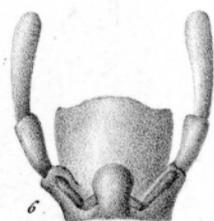

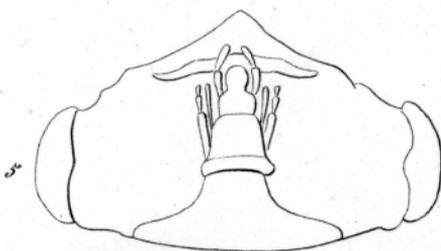

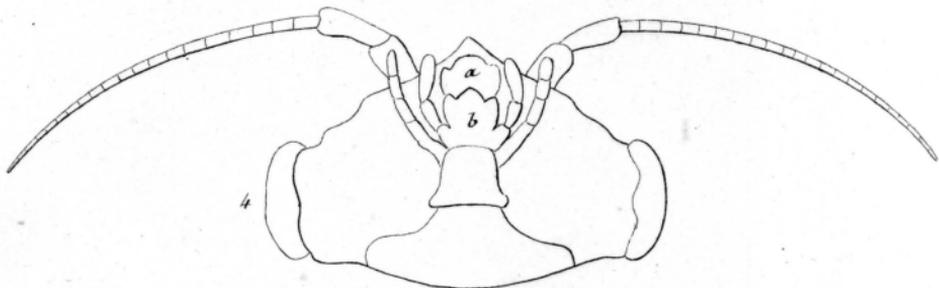

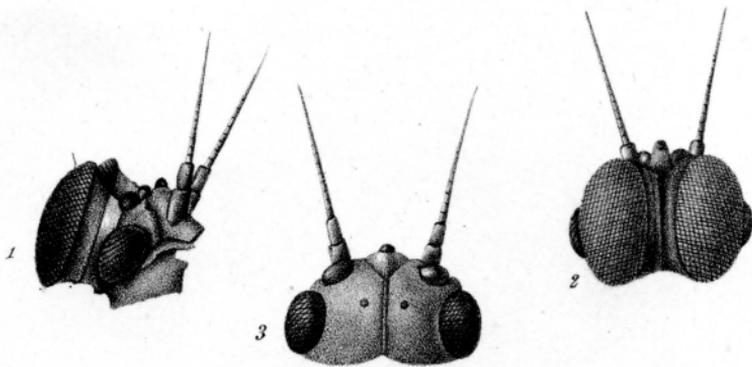

Cloë Rhodani.

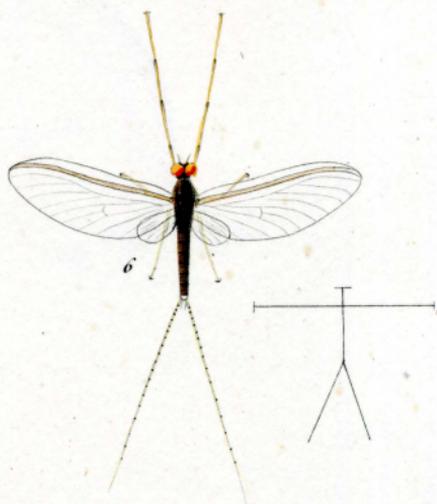

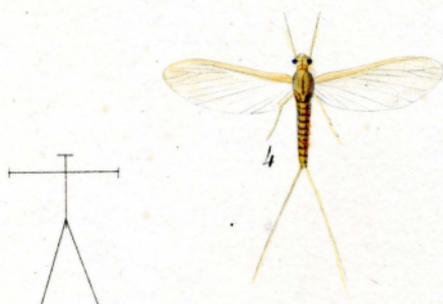

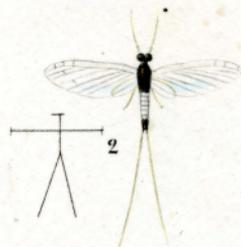

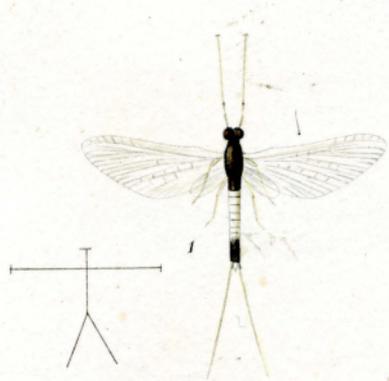

Cloë Rhodani.

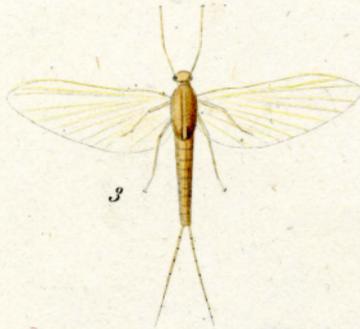

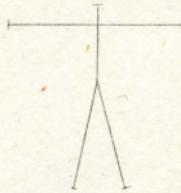

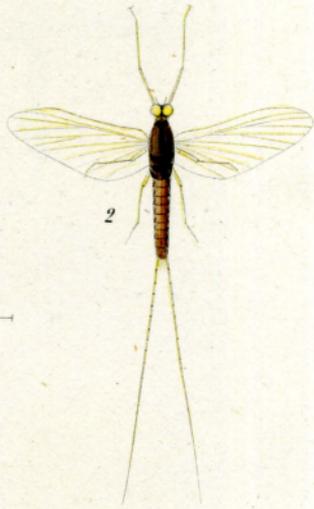

Cloë Rhodani.

Cloë Rhodani.

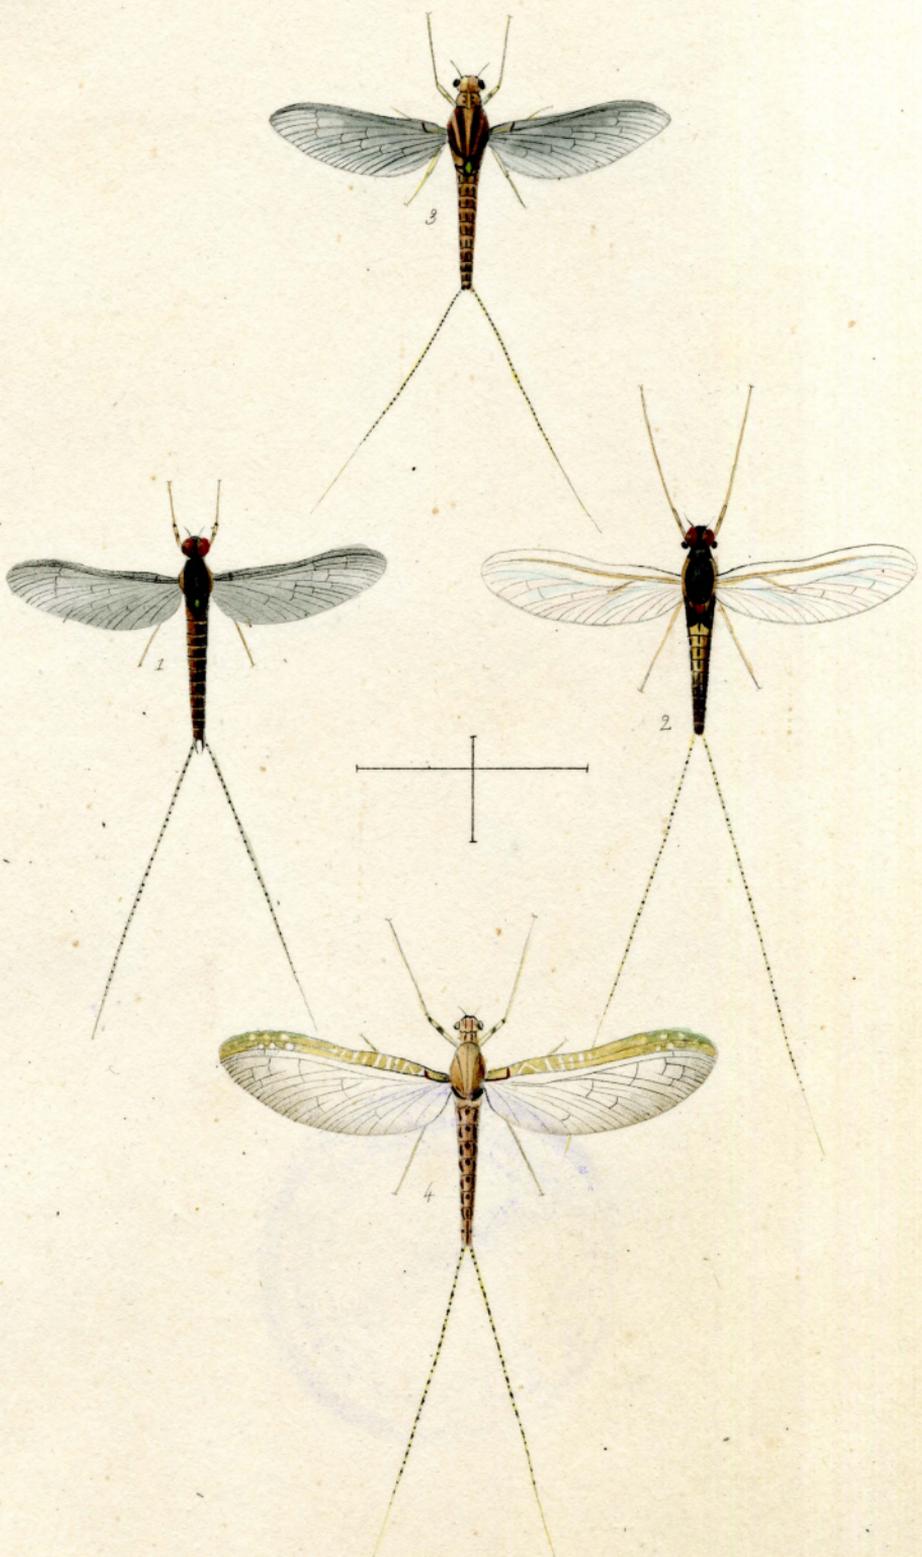

1. *Cloë fuscata*. 2. *C. pumila*.
 3 et 4. *C. translucida*. 5. *C. alpina*. 6. *C. melanonyx*.

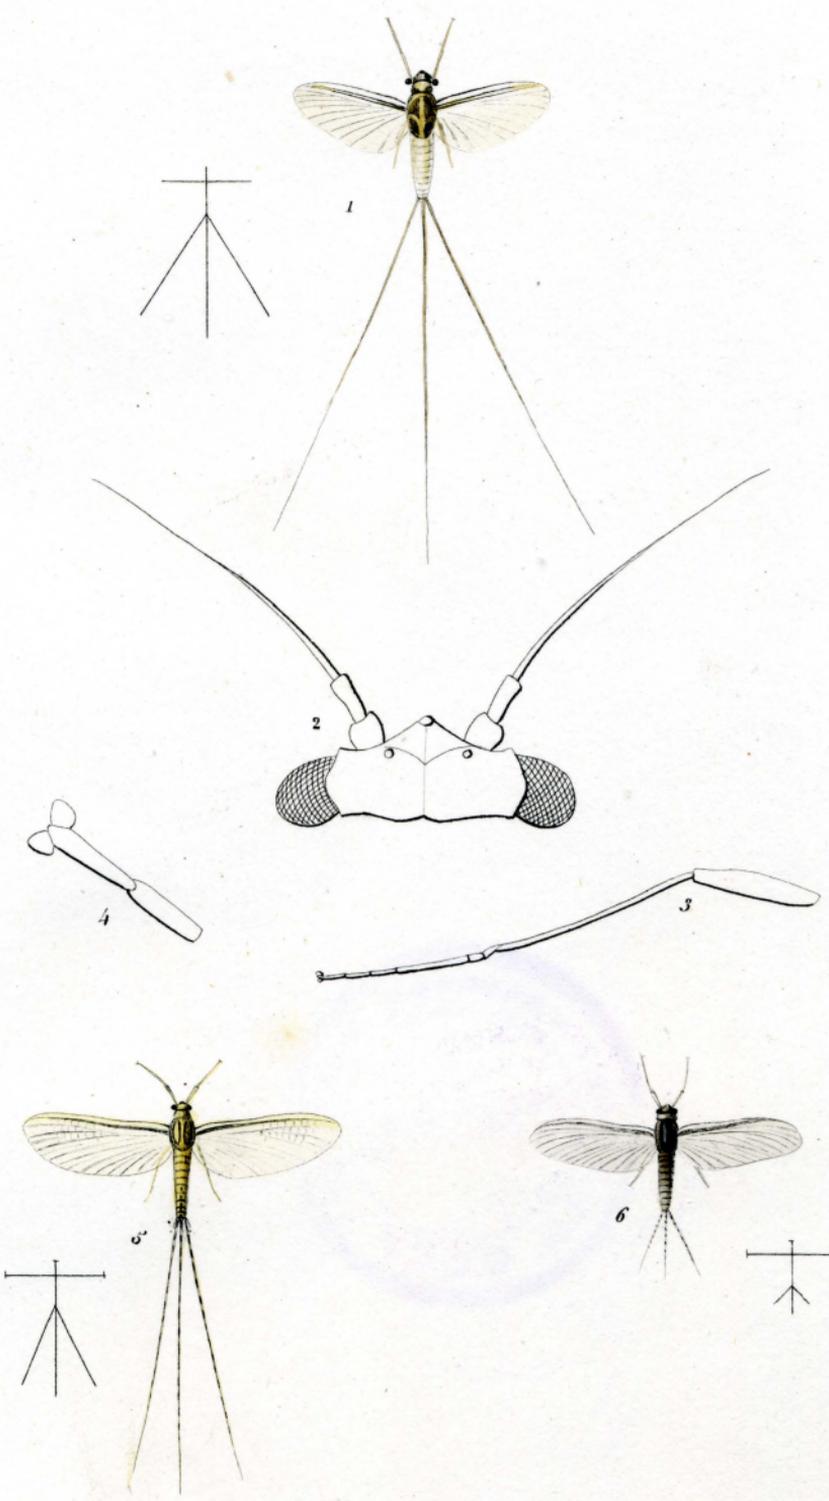

1-3. *Cloë litura*.

4. *C. fasciata*.

5. *C. undata*

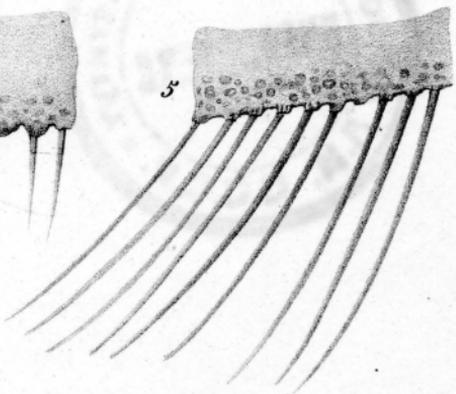

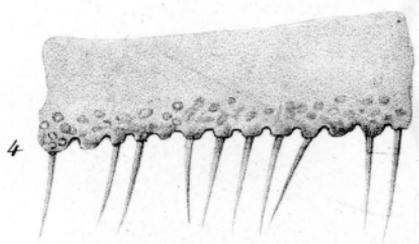

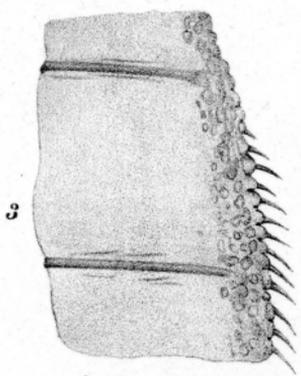

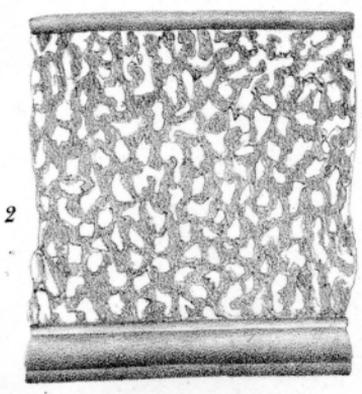

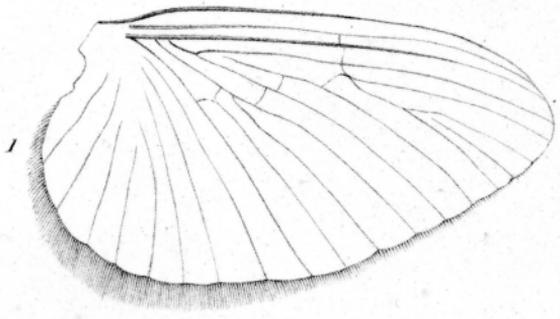

Cloë diptera.

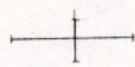

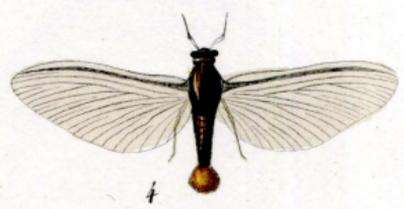

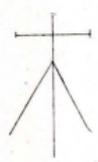

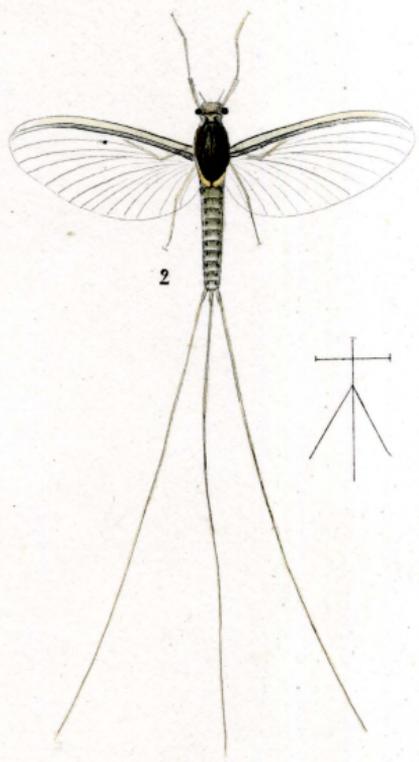

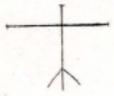

1-4. *Cenis lactea*.

5. *C. varicauda*.

6. *C. argentata*.

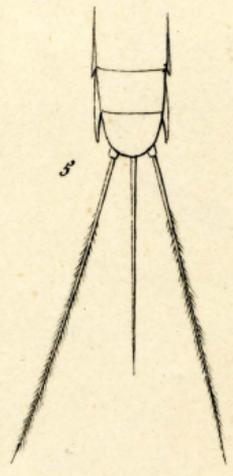

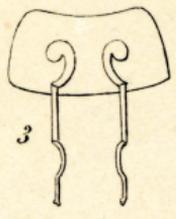

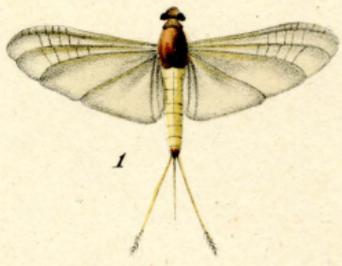

Cœnis lactea (Ailes)

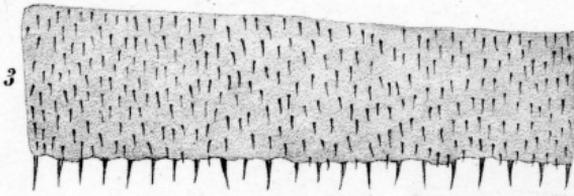

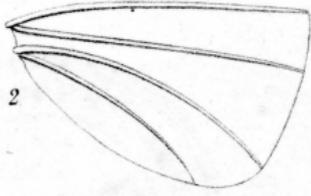

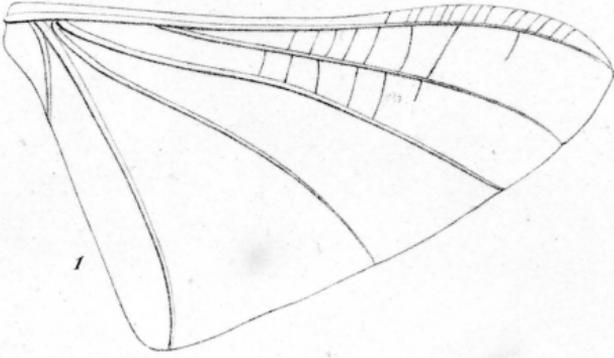

1. 2. *C. grisea*.

3. *C. luctuosa*.

4. *C. nophora*.

Oligoneuria anomala.

Oligoneuria anomala.
